

How to price your art

STEP 1

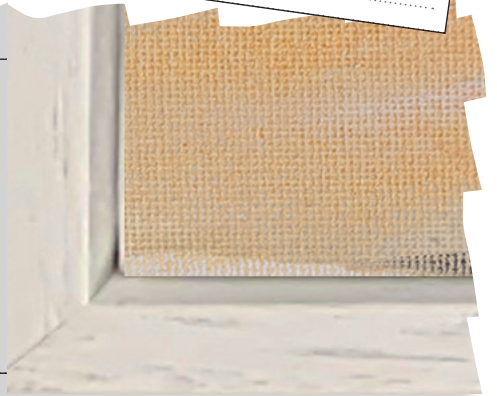

Print off the price tickets from the home page of Wendover Arts Festival in either A4 or A3 size depending on the size of your artwork.

STEP 2

Write your name and the name of the piece of work where it says and write the price in thick felt pen with the title as shown.

STEP 3

Attach the price ticket as shown to the artwork so that only the price and title are seen.

Pricing smaller items

If your work is jewellery, pottery, scarfs, bags etc, then please make sure that you use white string tickets like those shown opposite, with your initials on and the price in order that when the piece gets to the sales desk we are aware of the artist who sold it.

Please ensure all your work is priced before you arrive on the Friday set up day as it gets very busy and crowded and it just saves a huge amount of time.
